

WILD. NATURAL. SUSTAINABLE.

THE PREMIUM ALTERNATIVE PROTEIN LINE

A mission-driven pioneer in all-natural, sustainable meats, specializing in pasture-raised wild game and exotic proteins since 1997. Founded by brothers Lance and Todd Appelbaum, the company was built on a commitment to challenge the conventional meat industry and offer healthier, ethically raised alternatives.

Fossil Farms partners with independent farms that follow strict standards—ensuring no antibiotics, steroids, or growth hormones are ever used. With bold flavor, clean labels, and a deep respect for the land, Fossil Farms is redefining what meat can be.

CRAFTED FOR THE CONSCIOUS CONSUMER

- > **Family-Owned Since 1997** – Founded by two brothers with a mission to challenge the conventional meat industry.
- > **All-Natural & Ethical** – Animals are raised without antibiotics, steroids, or growth hormones on pasture-based farms.
- > **Diverse Protein Selection** – Choose from bison, elk, venison, wild boar, duck, and more—all flash-frozen at peak freshness.
- > **Environmentally Focused** – Practices include rotational grazing, recyclable packaging, and carbon offset initiatives to reduce impact.
- > **Bold Flavor, Clean Labels** – Every product delivers rich taste and nutritional value without artificial ingredients or unnecessary additives.
